Rules and Constitution and He

Knows Weak Places

Special to The Intelligencer.

Washington, May 16.—Senator Tillman banded the newspaper correspondents the following interview to day.

The rear approach of the State Convention and the importance of its expected action emportance and it have received many letters asking my advice in this crists. Almost avery south Carolina newspaper i see, has something to say about this all-important subject, and there are scores of schahles, or propositions, as to how it ought to be dense-some good, some bad, same indifferent, and many antirely impracticable aid unjust.

It will be man have grown no suspicions and imatespecious. The bonore and in accordance with the above regulations.

It will be man have grown no suspicions and in accordance with the club rolls published in some circ sounty paper twenty days before the primary that is in any to considered too expensive, the filing or one of them with the clins and the county chair the filing or one of them with the subject with the subject to expensive, the filing or one of them with the subject to expensive, the filing or one of them with the subject to expensive, the filing or one of them with the sounty chair with the sount the filing or one of them with the subject to expensive, the filing or one

It will be commany two years, ago, cries of fraud went up all over the State and the Executive Committee did not declare the result promptly. This caused intense anger on the part of the aupporture of Governor Bleass. Or the day of the election, no man being made to cheat him; and I raised in y voice in so uncertain way urging prompthess in investigating and reproduction the greatly of the election, and thus relieving the mapense. The Governor was limity declared the Governor was finally declared the nomines of the Party and things quies-ed down.

ed down.

We have mother primary coming on in August, and there are thany thousasks of men in the State area baller avow the purpose never to take part. to weke the following mus-

It is a pity the State Lecisis reddid not deal with this question and settle once for all by law the regulations that are to govern the primary; but Gavernov Electric by the veto and with the powerful influence he wields presented any ac-

tiary of whate uses safty.

The probabilities are, the almost inevitable consequences indeed will be, a fight to a finish in the November election, with the negroes bolding the manner of power and that controlling.

I lay down as a general principle, which is known as a general principle.

man wants to wheat another white at man out of his right to participation is the government, and no patriot desires anything but foir pier and etuni-
